

List of Project Works done by Semester VI (Final Semester) Chemistry
Honours Students under the supervision of Faculty Members of
Department of Chemistry, Madhab Choudhury College, Barpeta

2023

SL. No.	Name of the Students	Title of the Project Works	Project Supervision
1	Abdur R Sheikh	A study on the brief review on importance and application of Schiff base ligands	Dr Nebedita Gogoi
2	Adil Ahmed	A study on the antioxidant activity of polyphenolic compounds	Dr Nebedita Gogoi
3	Aminul Islam	A study on phosphorous containing polymers and its uses.	Abdur Rezzak Ali
4	Anowar Hussain	Endocrine disrupting chemicals and single use plastics	Dr Hitesh Das
5	Debanga Kashyap	Water as First choice: Green solvent	Dr Sameeran Kr. Das
6	Harunal Rashid	Identification of hazard in undergraduate chemical laboratory. A survey of the used organic compounds in the department.	Dr Rashmijyoti Das

SL. No.	Name of the Students	Title of the Project Works	Project Supervision
7	Jubair Hassan	Identification of hazard in UG Chemistry laboratory; A literature survey on MSDS and hazard classification of Inorganic compounds in the department.	Dr Rashmijyoti Das
8	K.F. Abdullah	A study on the effect of substituent on the C=C stretching frequencies.	Dr Sanjib Deuri
9	Maniruddin	An alternative view of enzyme catalysis	Dr Dipanjali Pathak
10	Mayuri Barman	A short study on pyrolysis of plastic waste.	Dr Sanjib Deuri.
11	Mehnaj Masur	A study on Ruthenium complex as Anticancer agents.	Abdur Rezzak Ali
12	Mubarak Ali	A study of Infrared frequency of stretched hydrocarbon.	Dr Sanjib Deuri.

SL. No.	Name of the Students	Title of the Project Works	Project Supervision
13	Nayanjyoti Das	Gold nanoparticles	Abdur Rezzak Ali
14	Rashidul Hoque Bhuyan	Non-conventional methods are the best way for the adsorption of non-biodegradable organic matter.	Dr Hitesh Das
15	Ruhul Amin	A study on the effect of substitution on the C=O stretching frequencies	Dr Sanjib Deuri
16	Sagarika Das	A review on the Indigo Dye	Dr Dipanjali Pathak
17	Sundar Jyoti Ojah	Photochemistry of pollutants and its impact on earth.	Dr Hitesh Das
18	Tarangini Barman	A study on preparation of biodiesel from waste vegetable oil.	Dr Dipanjali Pathak
19	Tasminara Begum	A study on the effect of acid strength and type on coagulation of milk protein.: A literature survey and qualitative study using various synthetic and natural acids.	Dr Rashmijyoti Das.
